October 2011 -- Vol. 2 Issue 2

Costumes & Masks

This year, Americans are expected to spend nearly 4.45 billion dollars on their Halloween celebrations. Between costumes, decorations, candy, and, I assume, Snooki poofs and 'Situation' abs suits. In other words, we are spending ridiculous amounts of money on being someone else.

Being someone else isn't just limited to Halloween though, as we grow and try to figure out who it is we want to be it is natural to try on different personalities and looks to see what works; in other words, in trying to figure out who we are we act like people we're not.

Throughout October, we'll be talking about what it means to be true to ourselves, who it is we were meant to be. Oh, and we'll have a movie night (Pleasantville), a night learning about ASP, and a Halloween event!

Here's to a good October!

Chaos

Along with what's written above, **Chaos** will have some of its own unique events. We'll be having a movie night too, but we'll be watching "The Princess Diaries" and we'll be having a Halloween Party that is just our own! We can't wait, and we hope you're just as excited as we are!

See you at **Chaos!**
